

# Research Experience for Undergraduates Engineered Bioactive Interfaces and Devices

**Monday, May 20 – Friday, July 26, 2024**

A multidisciplinary undergraduate summer REU program spanning Chemical Engineering, Biomedical Engineering, Materials Engineering, Mechanical Engineering, Chemistry, and Pharmaceutical Sciences and focusing on the novel design and development of materials that interact with biological systems and promote a desired response.

Participants receive a \$6000 stipend, housing, and up to \$300 in relocation expenses.

**Application Deadline: February 16, 2024**

*Applicants must be U.S. Citizens or Permanent Residents*
